Summary

An Experienced Frontend Developer who is passionate about making the web accessible to everyone and also an advocate for building real world projects having two year's of experience, i enjoy solving complex problems using web technologies.

As a frontend engineer, my goal is to always build applications that are scalable and efficient under the hood while providing engaging, pixel-perfect user experiences.

Experience

Volunteer

TechLabs Berlin

Jan 2021 - Present (3 months +)

TechLabs started in 2017 in Münster with a clear idea of the impact it wanted to create in the world.

As we moved forward, we came to the point in which we wanted to influence more diverse and more creative cities and communities. And Berlin was the perfect answer for that. The combination of the StartUp culture, the incredibly colorful city and an engaged founding team makes truly solidifies our presence and motivation to be in Berlin.
